PERMODALAN Nasional Bhd (PNB) has maintained its strong track record after growing its total assets under management (AUM) by 4.6 per cent to RM260 billion last year, from RM254.6 billion in 2015.

“Although the FBM KLCI

(FTSE Bursa Malaysia KLCI) declined for the third consecutive year by three per cent and the economy expanded at a slower 4.2 per cent, the pro forma net income of PNB and its funds was sustained at RM15.3 billion,” said PNB group chairman Tan Sri Abdul Wahid Omar during a quar-

terly performance review, here, yesterday.

PNB, Malaysia’s largest fund management company, said net income of RM15.29 billion last year was 2.9 per cent lower than the previous year’s RM15.75 billion. Return on assets was 5.9 per cent, from 6.4 per cent in 2015.
